MR. BRYAN'S PREDICTION OF VICTORY ONE MONTH FROM TO-DAY.

The Defection of Republicans to Silver Is Increasing Every Day, While That of Democrats to Gold Is Rapidly Diminishing.

To W. R. HEARST, Journal, New York.

Cincinnati, Ohio, Oct. 2.—I have no doubt of my election, and I base my confidence upon the fact that the free coinage sentiment is growing every day.

The people are studying the money question, and the study of it is convincing the people generally that there can be no permanent prosperity so long as the gold standard is maintained.

The gold standard makes a dearer dollar; a dearer dollar means falling prices and falling prices means hard times.

The people who profit by hard times are relatively so few in number that they would amount to nothing at all but for the fact that they are aided by a considerable number of people who, not having studied the money question themselves, have received instruction from a few financiers.

THE NUMBER OF REPUBLICANS WHO HAVE DECLARED FOR FREE SILVER OUTNUMBERS THE DEMOCRATS WHO HAVE DESERTED THE TICKET; AND, WHILE THE NUMBER OF SILVER REPUBLICANS IS INCREASING ALL THE TIME, THE NUMBER OF BOLTING DEMOCRATS IS ALL THE TIME DECREASING.

While I have no doubt as to my election, I believe that every advocate of free coinage should work from now to election day to make the majority in the Electoral College so large that no party hereafter will ever dare to propose submission to a foreign financial policy.

W. J. BRYAN.

SILVER MEN TO RULE IN THE NEXT HOUSE.

A Majority of the Representatives Are Certain to Favor Free Coinage.

Advocates of the White Metal Will Have at Least Thirteen More Votes Than Gold Standard Men.

Conservative Estimates of the Probable Result in All the States—The Silverites Confidently Expect to Make a Clean Sweep in Some of Them.

The next House of Representatives will without doubt contain a majority in favor of the free coinage of silver. The Journal has obtained through its correspondents and National Committees conservative opinions on the probable result in every Congressional district in the country. According to these estimates the Representatives in the Fifty-fifth Congress will stand as follows:

FOR FREE SILVER.....185
FOR GOLD.....162
DOUBTFUL.....10

There will be 357 members of the next house, making 179 a majority of the whole. The free silver men are certain of a majority, and if they carry one-half of the Congressional districts which are set down as doubtful their majority over the gold men will be of good size. This will enable the silver men to organize the House and control the committees. In the estimate nearly all the Republicans are set down as being for gold, but it is certain that several of them will vote for free silver when the question comes before the House.

The following dispatches contain estimates of the result in all the Congressional districts:

Alabama for Silver.

Montgomery, Ala., Oct. 2.

Editor New York Journal: There is little doubt that Alabama's nine Congressmen and two Senators will all be free silver Democrats. The Democratic caucus of the General Assembly will elect a free silver advocate to succeed Senator Pugh. The following Democrats, all of whom were nominated on free silver platforms, will undoubtedly be elected: First District, G. W. Taylor; Second, Jesse Stallins; Third, H. D. Clayton; Fourth, T. S. Plowman; Fifth, Willie Brown; Sixth, John H. Rankin; Seventh, W. H. Bullock; Eighth, Joseph Wheeler; Ninth, Oscar W. Underwood. The only doubt that is entertained as to the election of any of these men is in the case of Mr. Bullock, and it now appears to be practically certain that he will defeat his opponent, Populist Congressman Howard.

ROBERT P. McDAVID.

Majority for White Metal.

San Francisco, Oct. 2.

Editor New York Journal: California will elect five Congressmen who favor silver and two who are for the gold standard.

V. V. DWYER, member of the Democratic National Committee.

Silver Man in Arizona.

Phoenix, Ariz., Oct. 2.

Editor New York Journal: Owing to the declaration of the Territorial

Republican Convention for the gold standard the number of that party for delegates to Congress has no change whatever in the race. The contest is between the Democratic and Populist nominees. The former is M. A. Smith and the latter W. O. O'Neill. The successful man in either case will be strongly for free silver.

M'CLINTOCK.

All Will Favor Silver.

Little Rock, Ark., Oct. 2.

Editor New York Journal: Arkansas will send a solid free silver delegation to the next Congress. The election of each of the six Democratic members is a foregone conclusion and each is unequivocally committed to vote for free silver, in accordance with the Chicago platform.

RIMBALL.

Solid for Silver.

Denver, Oct. 2.

Editor New York Journal: Colorado's representation in the next Congress will in any event be a solid one for silver. Senator Wolcott, who has previously announced that he stands as a silver man on an international agreement basis, is considered to be a silver man. The other members of the delegation from this State will be Senator Teller and Congressmen Hall and Shafer, all of whom are pronounced silver men and will be re-elected.

J. F. CARROLL.

Handy Likely to Win.

Dover, Del., Oct. 2.

Editor New York Journal: There is but one Congressional District in Delaware, and the prospects are that Handy, the Democratic free silver candidate, will be elected.

RICHARD P. KENNEDY, member of the Dem. National Com.

Silver Men Will Win.

Tallahassee, Fla., Oct. 2.

Editor New York Journal: Florida has two Representatives, and both will be free silver Democrats.

N. M. BOWEN.

Connecticut for Gold.

Hartford, Conn., Oct. 2.

Editor New York Journal: Congressman Henry, of the First District, and Congressman Hill, of the Third District, have been renominated by the Republicans for the Fifty-fifth Congress. The Republicans will also renominate Congressman Spry, of the Second, and Congressman Russell, of the Fourth. No candidates for Congress have yet been put up by the Democrats. It is certain that the present four Republican Congressmen will be returned. They are all for the gold standard. Senators Platt and Hawley are both for the gold standard. Senator Platt's successor will be elected by the Legislature to be chosen this Fall. If the Legislature is Republican

MARK HANNA TO THE JOURNAL.

The Republican Manager Gives His Reasons for Thinking McKinley Will Pull Through.

Written for the Journal by M. A. Hanna.

"The campaign is being pushed with vigor and will be until the 2d of November. There is a pronounced and steady change of sentiment toward sound money and a development of a patriotic feeling regarding other issues which indicates that the people are beginning to more fully understand all there is in the questions before them. The result of which points to the election of McKinley and Hobart."

Mr. Hobart Speaks for His Ticket and Party.

To W. R. Hearst, Journal, New York.

Within the month intervening between now and the close of the campaign, there is ample reason for believing that the decision of the American people on the vital issues of this important contest will insure the success of Republican principles. There are many signs that the steady drift of opinion toward a sound and stable currency, which began some time ago, will not cease until November 3. On the contrary, it is destined to increase in volume and extent, and the result will show that, in a crisis like this, where the integrity and credit of this Republic is assailed, the sober, deliberate judgment of the American people will resort itself emphatically for the principles advocated by the Republican party and its army of welcome volunteers from other ranks. From no class will this expression be more vigorous and emphatic than from those people who save something out of their earnings and do not spend it all, but are contributors and depositors in savings banks, building and loan associations and fraternal and other kindred insurance companies.

"Coming, as I do, from a great industrial State, and recognizing, as I cannot help recognizing, the value of a protective policy, I feel confident that a strong and growing sentiment in favor of such a policy will also find expression in the vote of November.

Relying upon these issues, so vital to the prosperity and welfare of the Nation, the Republican party and those who in this contest are affiliated with them need feel no doubt as to the outcome of the struggle typified in the contrasting platforms of St. Louis and Chicago."

WATSON ATTACKS BUTLER

Says the Populist's Chairman Paid No Attention to His Protest Against Fusion.

Atlanta, Ga., Oct. 2.—In this week's edition of Thomas E. Watson's People's Party paper, issued to-day, appears an editorial attack upon Chairman Marlon Butler, which is considered of much significance in view of the rumor that Mr. Watson will soon retire from the Populist Presidential ticket. The article is as follows:

Attempts have been made to show that Mr. Watson favored fusion in the State of Indiana. This is not correct. Mr. Watson took the position at the beginning of the campaign that no Populist could consistently vote for a fusion ticket. He filed with Chairman Butler a written protest against Mr. Butler's fusion policy. Mr. Butler has ignored Mr. Watson's protest and gone blindly forward on his own line. Mr. Watson's position is now what it was when the Georgia State Convention met. He is for the straight Middle-of-the-Road ticket. In no other way can the Democratic managers be forced to abide by the St. Louis contract.

Mr. Watson's position has been humiliating and embarrassing and he has been compelled to submit to policies he did not approve.

Ivory Again Remanded.

London, Oct. 2.—Edward J. Ivory, alias Bill, the alleged dynamite man, who on September 12 was arrested in Glasgow and transferred to the custody of the London police, was remanded for the second time in the Bow Street Police Court this morning. No new evidence was forthcoming and the prisoner was again remanded pending subsequent developments in his case.

RUSSIA WANTS THE PLANT.

Negotiating for the Purchase of the Wellman Steel Works.

Chester, Pa., Oct. 2.—The Russian Government is negotiating for the purchase of the machinery of the Wellman Steel Works. The price offered is \$86,175. The negotiations have been secretly in progress for three weeks and only leaked out to-day, when the matter was taken into court by reason of the fact that the concern has been in the hands of a receiver for three years past and is still under the supervision of the court. The purchase includes the engines, the largest train of plate rolls in the world, cranes, pumps and all necessary apparatus for putting the plant in immediate operation.

Hovas Attack the French.

Paris, Oct. 2.—The Flammé publishes advice from Antananarivo the capital of Madagascar, saying that the Hova insurgents had made an attack upon General Gallien, who was in command of a French party traversing the forests en route to the coast, and that three porters of the party were wounded. In consequence of this the advice says, a state of siege has been proclaimed by the French.

HELD UP ON BROADWAY.

Naething Brothers Try a New Plan to Collect a Debt and Narrowly Escape Landing Behind Prison Bars.

Jonathan Naething and his brother, Arthur, both of whom live at No. 156 East Ninety-sixth street, took a novel means of collecting a debt yesterday, and came very near landing behind prison bars for so doing.

The brothers conduct a cotton goods business, and allowed S. Frankel, a manufacturer of cloaks at No. 577 Broadway, to get into their debt for a considerable sum. They tried all sorts of means to collect it, but failed. Yesterday they hit upon a novel scheme, and at once proceeded to put it into execution. They went to Frankel's work rooms, and Jonathan seized the foreman, Pinkus Limburger, while Arthur picked up as many cloaks as he could carry and ran into the street.

Unfortunately for the success of their plan a detective saw Arthur running away with the cloaks and arrested him. He took him back to Frankel's shop, where the foreman and his assistants were assisting Jonathan to have the broadest time of his life. The detective took all hands to Jefferson Market Court, where Limburger wanted to prefer a charge of grand larceny against the brothers. They proved to Magistrate Crane, however, that they were only trying to collect what was due them, and they were discharged.

PUT UP TO DECEIVE THE LOYAL DEMOCRATS.

Chairman Danforth Protests Against the Ticket Nominated at Brooklyn.

Declares That the National Democratic Party Has No Legal Right to the Name It Takes.

Never Cast Any Votes, Was Never Known as a Political Party, and Under the Law Has No Right to a Ballot—Will Fight to the Last.

ELLIOT Danforth's protest to the Secretary of State against the use of the Secretary's office at Albany this month by the gold Democrats will be filed in the name "National Democratic Party" tag. Charles A. Dolson, who prepared the document, started with it last night for Albany.

"If the Secretary of State refuses to heed our protest," said Mr. Danforth, chairman of the Democratic State Committee, last night, "we will carry the matter to the Supreme Court. The title 'National Democratic Party' is practically a theft of a title rightfully belonging to an old and honorable political organization. The primaries and the various conventions of the gold Democrats have been purely farcical in character, and the name they seek to use has been selected with the evident purpose of deceiving the voters. Our contention is right and proper, and we shall use every honorable means to prevent the hoodwinking of loyal Democrats."

It was decided to issue the protest at a conference held yesterday afternoon in Chairman Danforth's office. There were present Mr. Danforth, Executive Chairman Trimmo, John C. Sheehan and Charles A. Dolson, State Committeemen. All agreed that the use of the title adopted by the gold Democrats would have the effect of confusing the voters, and would lose the Democratic ticket many votes. The emblem of the gold Democrats on ballots under the title "Democratic Party Reform Organization" is a ship. The regular Democratic emblem is a star.

The contention is that the ship cannot be used over the newly coined title, and further, that the new title is unjustified by the character of the organization.

To the Secretary of State, of the State of New York, Albany, N. Y.: Sir—I, Elliot Danforth, a citizen and elector of the State of New York, residing at Balnbridge, in the County of Cheango, entitled to vote at the next ensuing election for Governor, Lieutenant-Governor, Associate Judge of the Court of Appeals, and for Electors of President and Vice-President of the United States, respectively, as such elector, and as the duly elected and acting chairman of the Democratic State Committee of the regular Democratic party of the State of New York, being a political party which at the last preceding general election in the State of New York at which a Governor was elected, cast 517,710 votes in the State of New York for such officer, do hereby protest and object to the certificate of nomination purporting to have been made by the "National Democratic party" certifying the nomination of candidates for the offices of Governor, Lieutenant-Governor, Associate Judge of the Court of Appeals, and Presidential Electors of the State of New York, which certificate purports to have been signed and executed by Charles S. Fairchild, as presiding officer of a pretended convention therein referred to, and attested by Henry E. Sherman, secretary, and which certificate was by the said Charles S. Fairchild and Henry H. Sherman produced before James F. Higgins, a notary public in and for New York County, on the 29th day of September, 1896, and which certificate was filed in the office of the Secretary of State, in the State of New York, October 1st, 1896, and that the following are the grounds of said objections and protest, viz.: First—That the said certificate is false, in fact and in law, in that the Democratic party of the State of New York held no State convention of delegates for the State of New York at Brooklyn or elsewhere, September 24, 1896, and that the said certificate of nomination is not a "party certificate of nomination" within the intent and provision of the statute in such case made and provided.

Second—That the party named in said certificate filed as aforesaid, is not a political party, which, at the last preceding general election, as stated in said certificate, or at any time prior to September 24, 1896, at which a Governor was elected, cast 10,000 votes or any number of votes in the State of New York for Governor, Lieutenant-Governor, or Associate Judge of the Court of Appeals, or any other officer.

Third—That the persons named in such certificate, filed as aforesaid, alleged to have been nominated, were not duly nominated as candidates for the office of Governor, Lieutenant-Governor, Associate Judge of the Court of Appeals of the State of New York, or electors of President or Vice-President of the United States for said State, by any political party of the State of New York having the right to make such nomination or having the right to file any certificate of nomination within the meaning of Chapter 909, of the Laws of New York for the year 1890.

Fourth—That the so-called "National Democratic Party" particularly referred to in the said certificate, and in whose name said certificate was executed and filed, never existed in name or in fact prior to September 24, 1896, and as such had no right to hold the convention referred to in said certificate.
